

ABOUT US

Welcome to NicheFundMe

We understand the weight of debt and we're here to help.

At NicheFundMe, we know how overwhelming financial pressures can feel — especially when traditional lending routes seem out of reach. If you're struggling with business or personal debt, you're not alone — and more importantly there are compliant and ethical solutions available.

We specialise in helping individuals and business owners access much needed capital through HMRC-approved SSAS Loans designed to relieve financial stress while protecting your long-term future.

Services & Products We Offer!

✓ HMRC Approved SSAS Pension Loans (Small Self-Administered Schemes)

If you have a business and a pension pot, a SSAS loan could be the key to unlocking your financial flexibility. Our expert team helps you structure pension backed loans that are fully compliant with HMRC guidelines — giving you access to funding while keeping control over your assets.

✓ Alternative Business Funding

Don't have a SSAS but do have other types of pensions? No problem as we work with trusted partners to facilitate loans sourced from third-party pensions offering another route to safe, responsible borrowing when you need it the most.

Why NicheFundMe?

- Empathy First – We listen without judgment. Every situation is unique, and we treat yours with the care and discretion it deserves.
- Expert Led – With deep knowledge of pension lending structures and HMRC compliance, we ensure everything is done right the first time.
- Ethical & Transparent – We only offer solutions that are sustainable, compliant, and in your best interests.
- Quick Access to Funds – Once approved, funds can be accessed efficiently and often faster than traditional routes.
